

What I believe...

We are all worthy of a career we love - part time or full time.

Those who are open minded have more choices,

Be listened to is so close to being loved, most people can't tell the difference.

I used to say, "I sure hope things will change." Then I learned the only way things are going to change for me is when I change.

Success is not to be pursued; it is to be attracted by the person we become!
